

PowerAccess

Compact and full-featured with Compound Leverage and easy component access, this multi-tool is the ideal go-to tool.

Pocketable, streamlined, and comfortable: the PowerAccess is the ultimate EDC multi-tool. Equipped with our patented gear-driven Compound Leverage mechanism, the PowerAccess doubles the torque at plier jaws maintaining grip and reducing chances of slipping off nuts and bolts. The outward-opening components are easily accessible with the multi-tool closed and will lock securely open. When closed, the PowerAccess has a centered, magnetic hex bit driver that can utilize any widely available 1/4" hex bit.

Components include pliers, gripper, soft & hard wire cutter, crimpers, can opener, small flat screwdriver, Phillips screwdriver, bottle opener, medium flat screwdriver, 3-sided file, straight blade, jewelry driver, awl, large flat screwdriver, rulers, protractor, magnetic hex bit driver.
